I can be management-less. We're on a short timeline for the report, so I'll definitely be delegating some of the work to others.

Rob

I plan to be out at the Colorado BF conference today. Rob let me know if you are comfortable being managementless. I can call in if you would like or we can talk before hand. Let me know. Johanna -----

Importance: High Sorry about the many reschedules- Greg's participation is essential and I didn't know he would be out till Wed. Rob and I will work together to put an agenda together. Andrew, we are including you because it is possible that we may need your assistance with this short turnaround effort. Rob, please share any materials (e.g. your pits report draft outline?) that you think would be helpful for people to look at before this discussion.
